MANAGEMENT'S DISCUSSION AND ANALYSIS

Introduction

The discussion and analysis of Caseville Area Fire Protection Association Fire Board's financial performance provides an overview of the Board's financial activities for the year ended March 31, 2006. This report is a part of the Board's Annual Report.

The purpose of the Board is to provide fire protection for Caseville and Lake Townships.

Using the Annual Report

This annual report consists of a series of financial statements as follows:

The Statement of Net Assets presents information on all of the Board's assets and liabilities, with the difference between the two reported as net assets.

The Statement of Revenue, Expenses and Changes in Net Assets presents information showing how the Board's net assets changed during the most recent year. All changes in net assets are reported on an accrual basis, that is, the event is recorded in the accounting records when the underlying event takes place regardless of the timing of the related cash flows.

The Statement of Cash Flows presents the financial activities of the Board on cash received and cash paid basis.

Notes to the Financial Statements provide additional details underlying the data provided in the financial statements.

Financial Highlights

The Statement of Net Assets outlines the assets, liabilities and net assets of the Board.

Unrestricted Current Assets (cash, investments and receivables)	\$ 491,504
Capital Assets	<u>1,491,474</u>
Total Assets	<u>\$ 1,982,978</u>
Current Liabilities	\$ 194,364
Non-current Liabilities	<u>120,000</u>
Total Liabilities	<u>\$ 314,364</u>
Total Net Assets	<u>\$ 1,668,614</u>

The Board realizes nearly all of its operating revenue is from two sources: property tax revenue levied as a special millage for the two townships it serves and standby fees. Property tax revenue in the amount of \$230,987 comprises 94% of the revenue while standby fees in the amount of \$10,800 and insurance claims in the amount of \$4,508 comprise the remaining 6%. The relative percentages for sources of revenue do not change significantly from one year to the next.

The largest expenses are depreciation making up \$63,388 or 35% of the expenses and salaries in the amount of \$58,070 or 32% of the expenses. Personal services and materials make up the remaining \$61,166 or 33% of the total expenses.

Request for Information

This financial report is designed to provide citizens of Lake and Caseville Townships with a general overview of the Board's finances and to show accountability for the funding it receives. Questions concerning any of the information in this report should be addressed to: Len Pilato, Chairman, Caseville Area Fire Protection Association, Caseville, MI 48725.

The accompanying notes are an integral part of these financial statements.

CASEVILLE AREA FIRE PROTECTION ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Board have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to enterprise funds of government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies are described below.

In June 1999, GASB unanimously approved Statement No. 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. Certain of the significant changes in the Statement include the following:

- For the first time the financial statements include:
 - A Management Discussion and Analysis (MD&A) section providing an analysis of the Board’s overall financial position and results of operations.
 - Financial statements prepared using full accrual accounting for all of the Board’s activities.
- A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Board has elected to implement the general provision of the statement in the current year.

Reporting Entity

The Caseville Area Fire Protection Association is a jointly governed organization, located in the Village of Caseville, which provides fire protection services to participating townships. The Fire Board consists of six members, three from each of the townships.

In accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) Statement No. 14 *The Financial Reporting Entity*, these financial statements present the funds of the Board. The criteria established by the GASB for determining the reporting entity includes oversight responsibility, fiscal dependency, and whether the financial statements would be misleading, if data were not included. Based on the criteria, there are no component units which should be included in the financial statements of the Caseville Area Fire Protection Association.

CASEVILLE AREA FIRE PROTECTION ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting and Basis of Presentation

The Caseville Area Fire Protection Association is presented as an enterprise fund. The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred or an economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from an exchange and exchange-like transactions are recognized when the exchange takes place.

The Board follows all pronouncements of the Governmental Accounting Standards Board, and has elected not to follow Financial Accounting Standards Board pronouncements issued after November 30, 1989.

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Deposits and Investments

For purposes of the statement of cash flows, cash is defined as cash and cash equivalents having original maturities ranging from three to fifteen months from the date of acquisition.

Capital Assets

Capital assets are defined by the Board as assets with an initial, individual cost of more than \$1,000. Capital assets of the Board are reported at cost or the fair market value at the time of contribution to the Board. Capital assets in service are depreciated using the straight-line method over the following useful lives:

Buildings	40
Land Improvements	15
Machinery and Equipment	5-25

CASEVILLE AREA FIRE PROTECTION ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2006

NOTE 2 – CASH DEPOSITS:

Michigan Compiled Laws, Section 129.91, authorizes the Board Treasurer to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and direct obligations of the United States, or any agency or instrumentality of the United States in which the principal and interest is fully guaranteed by the United States, including securities issued or guaranteed by the Government National Mortgage Association; United States government of Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan; and commercial paper rated by two standard rating agencies within the three highest classifications, which mature not more than 270 days after the date of purchase, and which involves no more than 50 percent of any one fund. Attorney General's Opinion Number 6168 states that public funds may not be deposited in financial institutions located in states other than Michigan. The Board's deposits are in accordance with statutory authority. The Board has authorized management to deposit and invest in the accounts of securities and other obligations of the United States, or any agency of the United States in which the principal and interest is fully guaranteed by the United States, or any agency of the United States in which the principal and interest is fully guaranteed by the United States. The Board's deposits and investments are within the authorization as set forth by the Caseville Area Fire Protection Association.

At March 31, 2006, the carrying amount of the Board's deposits was \$474,267 and the bank balance was \$480,016. Of the bank balance, \$100,000 was covered by federal depository insurance.

NOTE 3 – CHANGES IN CAPITAL ASSETS:

	Balance March 31, 2005	Additions	Disposals	Balance March 31, 2006
Capital Assets:				
Land	\$ 84,411	-	-	84,411
Land improvements	85,190	-	-	85,190
Building	679,023	-	-	679,023
Equipment and furniture	239,694	24,364	-	264,058
Office equipment	8,369	1,467	-	9,836
Vehicles	513,819	224,189	-	738,008

Less: Accumulated depreciation	305,663	63,388	-	369,051
Net Capital Assets	1,304,843	313,408	-	1,491,475

CASEVILLE AREA FIRE PROTECTION ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2006

NOTE 4 – LONG-TERM DEBT:

On November 24, 1999, the Townships of Caseville and Lake signed an installment purchase agreement for the construction of a fire station building in the amount of \$700,000 payable from the proceeds of special assessments on real property. The fire station is being constructed jointly with the townships of Caseville and Lake. The amount was financed through a bank and is backed by Caseville and Lake Townships full faith and credit. Annual principal payments of \$70,000 are due on February 1st plus interest. The loan carries an interest rate of 4.85% and will mature on February 1, 2008. The total projected cost of this project is \$700,000. Caseville Township's portion would be \$504,000 or 61% ownership of the building and Lake Township's portion would be \$196,000 or 39% ownership of the building. It is anticipated that this loan will be repaid in the year ended March 31, 2007.

During the year ended March 31, 2006, the Townships of Caseville and Lake signed an installment purchase agreement for the purchase of a new fire truck estimated to cost \$218,941. Caseville Township's portion remaining to be paid as of March 31, 2006 is \$86,400 and Lake Township's is \$33,600.

NOTE 5 – RISK MANAGEMENT:

General Liability:

The Caseville Area Fire Protection Association purchased commercial insurance for all general liability coverage.

Worker's Compensation:

The Caseville Area Fire Protection Association has purchased Workmen's Compensation insurance from Burnham and Flowers.

NOTE 6 – SUBSEQUENT EVENTS:

There were no subsequent events having a material effect on these financial statements required to be disclosed.

NOTE 7 – FUND BALANCE ADJUSTMENTS:

Beginning fund balance amounts were adjusted by (\$12,938) to correct prior year misstatements. This change was immaterial to the financial statements as a whole and does not indicate a weakness in internal controls.

FAX: 989-856-9303

To the Fire Board
Caseville Area Fire Protection Association
6833 Main Street
Caseville, MI 48725

I have audited the accompanying financial statements of the business-type activities of the Caseville Area Fire Protection Association, Caseville, Michigan as of and for the year ended March 31, 2006, as listed in the table of contents. These financial statements are the responsibility of Caseville Area Fire Protection Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Caseville Area Fire Protection Association, Caseville, Michigan, as of March 31, 2006, and the respective changes in financial position and where applicable, cash flows, thereof and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 2 and 3 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

Yours truly,

Paul A Smihal, CPA
